Prohibitionists Notify Their Candidates For President and Vice President

Characterize the Proceeding and Stirling Speeches are Made by Noted Orators.

Indianapolis, July 23.—Members of the Prohibition executive committee, of the notification committee, and prominent party workers from all sections of the country met in Tomlinson hall yesterday afternoon to attend the official notification of the Rev. Silas C. Swallow, the nominee for the presidency, and George W. Carroll, the vice presidential nominee. Both candidates arrived early in the day and were compelled to hold an informal reception until the hour of the meeting.

After a luncheon at the Claypool hotel the candidates and the speakers and prominent party workers were

REV. DR. SILAS C. SWALLOW.

taken in carriages through the downtown portion of Indianapolis. A short drive ended at Tomlinson hall.

The hall was beautifully decorated. Over the stage and along the balconies were draped American flags and the national colors. Foliage plants were massed on the stage, while portraits of Prohibition leaders were conspicuously displayed. National Chairman Oliver W. Stewart presided at the meeting, and, with the nominees, was given a rousing reception.

Following the call to order and opening prayer, A. G. Wolfenbarger of Nebraska made the speech of notification to Dr. Swallow. Mr. Wolfenbarger is a pleasant speaker, and his remarks were well received.

There was an outburst of applause and cheers which could not be quelled for some time when the tall figure of the "fighting parson," Dr. Swallow, arose in reply to Mr. Wolfenbarger's address. Dr. Swallow has the reputation of being one of the hardest hitters in the party, and his speech of acceptance was marked by a vigorous delivery and masterly style. There was another period of prolonged cheering when the presidential nominee closed his address with fervor.

Homer L. Castle, to whom was allotted the notification of the vice presidential candidate, Mr. Carroll, has the reputation of being one of the brightest men in the party. He is an attorney of Pittsburg, and an eloquent speaker. His closing remarks were followed by another enthusiastic outburst. Mr. Carroll's address of acceptance was followed by a short speech by the national chairman, O. W. Stewart.

Tomlinson hall was the scene of another gathering last night, when party workers from all parts of the country were called on for informal addresses. The occasion was in the nature of a party campfire.

Chairman Cortelyou.

Washington, July 23.—Chairman Cortelyou of the Republican national committee expects to announce his executive committee before leaving Washington for Oyster Bay to attend the notification ceremonies there on July 27. From Oyster Bay Mr. Cortelyou will go direct to Chicago, where a meeting of the Western members of the committee will be held immediately. The Chicago headquarters of the committee will be opened by Secretary Elmer Dover, who will leave here for that purpose Monday. After the Chicago meeting Chairman Cortelyou will proceed to New York and establish the headquarters of the committee there.

The executive committee is to consist of nine members, and Chairman Cortelyou will select them from fifteen members of the national committee, whose names he is now considering.

REVOLTING CRIME

Committed At Arlington Yesterday—Degenerate Has Escaped.

One of those revolting crimes that often happen to mar the good name of a town or vicinity took place at Arlington yesterday.

A well known man of mature years took indecent liberties with a child of seven, the daughter of a prominent Arlington man. An examination by physicians developed, however, that the child had not been assaulted. It was with considerable effort that the enraged father was restrained from hunting down the degenerate man and attacking him.

Before the necessary papers could be drawn up the man had skipped the town. He has been connected with crimes of this nature before, and had he fallen into the hands of the enraged citizens yesterday, his life might have paid the penalty of his folly.

SCHOOL BOOKS

For the Ensuing Term of School Will be Changed

Large and Unwieldy Geographies Give Way to Modern Ones—Something About the Price.

The old elementary school geography so big as to be almost unwieldy, is a thing of the past. At the opening of the public schools in September there will be substituted a new geography which is so small that the boy with average sized coat pockets will be able to carry it with his marbles.

"The old elementary geographies which were in use in the Indiana public schools for many years were, to be sure, very inconvenient for the children to handle, being much larger than other books, but it was not the size alone that prompted the State board to make a change," said F. A. Cotton, superintendent of public instruction, yesterday. "In selecting the Tarr & McMurray introductory geography to supplant Frye's the board believed that the new book would be a great improvement. It is only 9 by 6 inches. Frye's is 12 by 9. The new geography, the board thought, is more complete."

Following the wishes of the State board the Indiana School Book company, publishers of the readers used in the public schools, has made extensive revisions, in the first, second and third readers.

Frye's advanced geography and the series of copy books have also been revised to meet the requirements of the board. All school books will be cloth bound this year. Heretofore many of them have been paper bound.

Under the Indiana school book law, it is provided that a change of books cannot be made under five years, and as a change was made this year, the following list of books adopted for the common schools of Indiana has been kindly furnished us by Supt. Headlee, together with the retail and exchange prices of same:

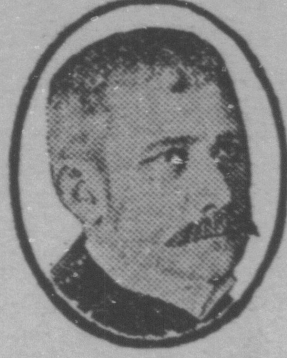

Books.	Cash Price	Exch. Price
Primary.....	1 cts.	5 cts.
First Reader.....	16 cts.	6 cts.
Second Reader.....	15 cts.	8 cts.
Third Reader.....	25 cts.	15 cts.
Fourth Reader.....	30 cts.	none
Fifth Reader.....	40 cts.	none
New Era System of Semi-olant. writing.....	5 cts.	none
Fry's Advanced Geography.....	75 cts.	50 cts.
Tarr and McMurray's Introductory Geography.....	3 cts.	23 cts.
Walsh's New Grammar School Arithmetic.....	45 cts.	30 cts.
Walsh's New Primary Arithmetic.....	2 cts.	15 cts.

The persons making the exchange must give for the "new book" a copy of the "old book" and the exchange price.

An Essential of Free Government and Personal Independence

By ELIHU ROOT.
Ex-Secretary of War

IN no country and in no age have the practical provisions of law designed to secure to the private citizen the application of the principles of liberty and justice for his protection against official power been made so broad, so effective and adequate as in the countries following the course of the common law and inspired by the Anglo-Saxon ideas of PERSONAL LIBERTY AND PROPERTY RIGHTS.

There is one general characteristic of our system of government which is essential and which it is the special duty of lawyers to guard with care—that is, the observance of limitations of official power. THERE IS A CONSTANT TENDENCY TO IGNORE SUCH LIMITATIONS AND CONDONE THE TRANSGRESSION OF THEM BY PUBLIC OFFICERS, PROVIDED THE THING IS DONE WITH GOOD MOTIVES FROM A DESIRE TO SERVE THE PUBLIC. Such a process, if general, is most injurious. If continued long enough it results in an attitude of personal superiority on the part of great officers which is inconsistent with our institutions, a destruction of responsibility and independent judgment on the part of lower officers and a neglect of the habit of asserting legal rights on the part of the people.

The more frequently men who hold great power in office are permitted to override the limitations imposed by law upon their powers the more difficult it becomes to question anything they do, and the people, each one weak in himself and unable to cope with powerful officers who regard any questioning of their acts as an affront, gradually lose the habit of holding such officers accountable and practically surrender the right ultimately to hold them accountable.

CONSTANT ACCOUNTABILITY OF PUBLIC OFFICERS FOR STRICT OBSERVANCE OF THE LIMITS IMPOSED BY LAW AND CUSTOM AND UNDOUBTING ASSERTION OF THE PRIVATE RIGHT OF THE CITIZEN TO HAVE NO POWER EXERCISED OVER HIM EXCEPT IN STRICT ACCORDANCE WITH THE LETTER AND THE SPIRIT OF THE LAW—THESE ARE THE ESSENTIAL CONDITIONS OF FREE GOVERNMENT AND PERSONAL INDEPENDENCE.

THE EXERCISE OF POWER NOT CONFERRED BY LAW MAY IN A PARTICULAR CASE DESTROY NO MAN'S PROPERTY NOR RESTRAIN HIS LIBERTY, BUT IT WEAKENS THE TITLE TO EVERY MAN'S PROPERTY AND INJURES EVERY MAN'S LIBERTY, BECAUSE IT IS ONE STEP IN A PROCESS WHICH, IF CONTINUED, WOULD BE DESTRUCTIVE OF OUR FREE INSTITUTIONS.

Abundant evidence that our people have not become indifferent to these necessary limitations is furnished by the frequency with which political opponents impute disregard of them to public officers. THE CHARGE IS OFTEN UNFOUNDED AND OFTEN MADE UPON SLIGHT FOUNDATION WITH GREAT EXAGGERATION. But the fact that it is made shows that political leaders recognize that if they can make the people believe that a public officer has usurped power he will be condemned without regard to his motives.

THE CRY OF EMPEROR, CZAR AND MAN ON HORSEBACK IS BUT AN EXTRAVAGANT APPEAL TO AN INSTINCT WHICH OUGHT TO EXIST, AND HAPPILY DOES EXIST, AMONG US AGAINST SUBMISSION TO UNLAWFUL AUTHORITY, HOWEVER TRIFLING MAY BE ITS EXERCISE AND HOWEVER BENEFICENT ITS DESPOTISM.

The extravagance and lack of foundation for many of these appeals, however, involve the danger lest the cry of wolf should be heard so often that men will become incredulous and indifferent and turn a deaf ear to statements and proofs of real encroachments, MADE WITH MODERATION AND NOT FOR POLITICAL EFFECT, and that thus indiscriminate and unfounded charges against the innocent shall serve as a protection to the really guilty.

LOST IN E. CONNERSVILLE.

Rushville Automobile Party Lose Their Bearings in City.

(Connerville News.)

A party of Rushville citizens came to this city last evening in an automobile, and got lost in East Connerville. They stopped at one of the stores in the village and inquired which road led south, saying they were looking for Connerville. They were so dazed that they could not explain how they happened to be where they were and seemed to be overjoyed to find that their destination was so near at hand.

Kick Came Too Late.

Greenfield Republican: The Indianapolis Journal was run last year at a loss of about \$300 per day, and yet Republicans over the State, who contribute little or nothing to its maintain-

ance are kicking because it was discontinued. It is too often the case that the people like a paper and feel like they should support and encourage it, but throw little or nothing in the way as a help to support. It costs money every day to run a newspaper and the people who feel themselves, their business and the city and county are benefited by a paper, should not only take the paper, but by patronizing it in other ways, assist in building it up that it may be a stronger and greater influence to help its home community.

The History of It.

(Seymour Republican.)

Wall street fell out with Roosevelt when he instituted the merger suits, and again when he brought about a settlement of the anthracite coal strike. Those speculators said he should not be renominated, but they failed to have their way. They next demanded the nomination of Parker, and their demand was heeded and the people are yet to be heard from.

AGAIN SHUT OUT

Rushville Team Meets Another Defeat at Franklin—Connerville Here Tomorrow.

Another "exclusive" account will probably be corrected this evening. The Rushville team did not lose by a score of 3 to 0 as stated in this city yesterday, but suffered their defeat by a larger score.

The locals ran up against a snag at Franklin and were shut out by a score of 5 to 0. Rushville had several chances to score, but were unable to hit safely at the proper time. Thoman, who returned from Rock Island yesterday, was in the game for Rushville and with little Joe Herald carried off the honors at bat. The local team played in hard luck from beginning to end.

The features of the game were the fielding of left fielder Hayes of the Rushville team, who won the admiration of the crowd by several sensational catches in the field, and the pitching of Bevis, who held his opponents down to five scattered hits striking out seven men. Thomas, the new third baseman and captain, satisfied his team-mates with his work, but played in very hard luck. Franklin will come to Rushville for a game next Wednesday.

Connerville will play here tomorrow and is coming with a large delegation of about three hundred fans. The game will be the first one the Connerville team has played away from home and they expect to win. The local team was out practicing all day today and will go into the game in good shape and confident of victory.

The locals will go to Greensburg for two games Monday and Tuesday of next week. Franklin will be here Wednesday, and the Danville, Ill., Union, a colored team, will play here Thursday. Rushville will play the Indianapolis Reserve at Indianapolis, Sunday, July 31.

In the game with Connerville tomorrow the two teams will line up in the following order:

Rushville—Martin, p; Thoman, c; Pearsey, 1b; Preston, 2b; Herald, ss; Hayes, lf; Bevis, cf; Kiser or Morgan, rf; Wagner and Yazel, subs.

Connerville—Goar, p; Bosler, c; Thomas, 1b; Brudd, 2b; Lindsly, ss; Lehr, 3b; Hassett, lf; Becker, rf; Doyle, sub.

The score in yesterday's game at Franklin was as follows:

1 2 3 4 5 6 7 8 9—R H E
Franklin—0 0 2 1 0 0 0 2 x—5 5 2
Rushville—0 0 0 0 0 0 0 0—0 6 4

Batteries, Dugan and McBraughton, Bevis and Thoman; struck out by Dugan 10, by Bevis 7; two-base hits, Thoman and Whitesides; base on balls, off Bevis 2; hit by pitcher, Tullis. Attendance 540. Umpire Barnet. Time of game 1 hr. and 47 min.

Reason For Insanity.

While there is a prevailing opinion among people that Rev. Ellis, of Richmond, is not insane, or that if he is, there are numerous others afflicted in that manner, a report by his physicians to substantiate their claim is as follows: It is stated that when a boy, Mr. Ellis was thrown from a wagon, to which was hitched a team of runaway mules. His head was injured at the time and he remained ailing for some time. It was also noted that upon the death of his uncle, Seth Ellis, in Ohio, a few months ago, Mr. Ellis was unduly depressed and was silent and morose for a period following the funeral. It is thought that these circumstances would be of assistance in the treatment of Dr. Cook, and for that reason they were explained in detail.

One Horse "Yellows."

(Hamilton Daily Republican News.)

One of the worst effects of metropolitan yellow journalism is the spirit of emulation which it has excited among newspapers in small cities. The craze for course pictures, huge headlines and sensationalism generally has effected rural journals which otherwise would have remained sane. Once a newspaper is bitten by the yellow "bug" it seeks to rival the originators of that style of journalism. The result is at once pitiful and ludicrous.

DR. MUIRE DEAD

Veteran Dentist Passes Away This Evening.

Dr. John Muire, the veteran dentist of this city, who has been critically ill for the past few days, at his home, corner of Jackson and Third streets, died at ten minutes after three o'clock this afternoon. His death was expected almost at any time and was due to general debility and exhaustion.

"Affable Jim" to Speak.

James E. Watson, "affable Jim," as he is sometimes called by his friends, representative from the Sixth Indiana Congressional district, has been selected to make the principal address at the Madison (Ind.) Chautauqua on Republican day, August 25th. Mr. Watson is advertised as one of the most eloquent of the country's orators. —Ex.

Old Campaign Medal.

(Greensburg News.)

While digging for the foundation of a cement walk in the back yard at his home on East Main street, yesterday, Carl Mitchell found a curious medal about ten inches beneath the surface of the ground. The medal is evidently one of the relics of the memorable campaign of 1834, when General Andrew Jackson was a candidate for reelection to the presidency for the Democratic party. It is made of copper and is about the size of a half dollar. On one side it bears the inscription about the circumference, "My substitute for the U. S. Bank." Within this inscription is a miniature portrait of General Jackson and beneath it the words "My Experiment, My Currency, My Glory." The obverse side of the medal bears the words "Perish Credit, Perish Commerce," about its circumference. Inside of this inscription at the top, appear the words, "My Victory," beneath is the engraving of a hog, represented as running at full speed. The words, "My Third Heat," are printed across the side of the porker. Just beneath it appears Jackson's campaign cry, "Down with the Bank." At the bottom is the date 1834.

History tells us that this was one of the hottest and most bitter campaigns ever participated in. The medal is made of a base composition and the inscriptions upon it were calculated to make Gen. Jackson appear ridiculous. This medal has probably been buried beneath the ground for many years, yet it bears little signs of rust.

That colored school!

And now they say that H. Gassaway Davis is not going to let loose of that million. Expect it would have been better from a financial standpoint to have put Hearst on the ticket.

The Democratic party in this city have surely forgotten the "platform" they run on. The oily real "important" action taken by them up to this time was the discharge of policeman Weaver and attorney Young. All the staff and guff they gave us about city economy and building colored schools is a myth. Of course, the majority of Republicans never expected them to carry out their platform. They never did, either in Nation, State or city, but it might be a good lesson for those who voted them into power to notice this particular administration for future guidance.

The metropolitan papers become mere manufacturing concerns whose business is to collect and sell news. They are bound to no set principles. They are answerable to no set platform. They are guided solely by whatever is of benefit to them. We do not blame them for this. It is the trait of human nature in them. But they should not arrogate to themselves superior wisdom. The honest paper of the land is the partisan paper. It stands for something. It is no better and claims to be no better than the party for which it stands. It is fair, is manly, is patriotic. And the county paper is the most sincere of all papers because its editor is always in the "great white light." He must be honest and be it said to the honor of the fraternity, he wishes to be honest. In the campaign at hand the work of presenting argument and principles will fall to the local party press. Orators will address their thousands, but each issue of a paper reaches far more people than any orator can address in a single meeting, while the orator's facts and figures have already been gathered from some paper. The orator simply clothes them in the beauties of speech. It is the duty of every citizen in this land to be partisan. Likewise it is his duty to stand by the partisan press—Danville Republican.

It seems to us that W. J. Bryan expressed the pith of it when he said while the Parker telegram was under

consideration at the St. Louis convention that it would have been manlier if Judge Parker had "expressed the opinion before the voter throughout this country went to their caucuses and their primaries and sent their instructed delegates here." There is little cause for surprise that this statement was received with applause by that body of delegates. Let the apologists or the defenders or the advocates juggle with the matter as they will, they will not be able to show why a statement similar to this might not have been made before the nomination had been clinched. The plea that dignity would not permit it will not bear scrutiny, for Judge Parker had managers at that convention, he knew that he was being pressed for the nomination, and he might easily have given them to understand the situation. It may be said that he had asked them to do this, but he knew that they had not done it and even that could very easily have been managed. The fact still remains that he waited till after the nomination when the chances were a thousand to one that the tired delegates would not assemble again and make another nomination.

MR. FAIRBANKS' PLANS

Putting Himself in Physical Condition for Campaign Work.

Indianapolis, July 23.—Senator Charles Warren Fairbanks intends to be in fine physical condition when he starts on his tour around the circle in the speaking campaign this year. He has engaged Hugh H. Hanna's cottage at Mackinac Island for the season and with the exception of the three or four days he will spend here at his notification, he will remain at Mackinac until the campaign is opened. He will be joined there within a few days by his family. The hour for the notification exercises has not been determined, but probably will be within a few days. It is understood that the senator will serve a light lunch for the members of the notification committee. No effort is to be made to have a big state demonstration, but it is very likely that two or three thousand loyal Republicans will attend. The occasion will be made notable by the presence of some of the big men of the party.

It will probably be some time before the party leaders here get through talking over the result of the legislative convention in which Kealing's slate with the exception of two men was nominated. In fact, it is not so certain but that all of it except one candidate went through. There is bound to be some jealousy creeping out of every political contest, and now that Kealing's side won there is a disposition to take the credit away from him. There is on doubt that he had some very able assistance. Perhaps the greatest credit, after Kealing's share is set aside, belongs to L. G. Rothschild, who was largely responsible for the nomination of Roemer for the senate. In the contest it seemed that the Beveridge and Fairbanks forces were working hand in hand, something they have not done before, in nominating candidates. Inasmuch as Kealing is known to be for Congressman Hemenway for the senate, the action of the Beveridge men in working with him to nominate men favorable to Mr. Hemenway is regarded by some as an indication that Rothschild and other Beveridge lieutenants would not be displaced with the election of Mr. Hemenway. However, that is purely speculative, as they have not indicated who they will support.

It seems quite likely that another powerful effort will be made to draw Hugh Dougherty or Bluffton into the race for governor. It has been no secret for a long time that many Democratic leaders would like very much to see his name at the head of the ticket, but up to this time he has refused to give them any encouragement. It is hinted now, however, that in view of the action of the St. Louis convention and the probability of Taggart being elected national chairman, that he is not so averse to accepting the nomination if it should be made by acclamation. If Taggart is elected it would not be at all surprising to see Dougherty's name at the head of the ticket. It is conceded, even by the Republicans, that he would make an admirable candidate. If it is not Dougherty, then it seems to be the general opinion that either S. M. Ralston of Lebanon or Warden W. Stevens of Salem will be nominated.

Mayor David S. Rose of Milwaukee, who was one of the striking figures at the St. Louis convention, was here today on business, but he spent considerable time with the Democratic politicians. They felt at St. Louis that Rose was disappointed in the outcome, as it looked to them as if he hoped to be nominated for vice president. He placed Mr. Wall of Wisconsin in nomination for president, and in doing so incurred the anger of hundreds of delegates by his attempt to arraign the so-called reorganizers for desertion of the Chicago and Kansas City platforms, so it was thought here that he might show some resentment toward the ticket, but on the contrary he seemed enthusiastic over it and confident that it will be elected. He is especially hopeful that the Democrats will carry Wisconsin, owing to the present unsettled condition of things among the Republicans there.

KIAO TUNG FALLS

After Two Days of Hard Fighting Japs Occupy Fortified Town.

BOTH LOSE HEAVILY

Russians Are Everywhere Falling Back Before the Irresistible Islanders.

It Is Now Believed That Mukden Will Soon Be In Japanese Hands.

Tokio, July 23.—General Kuroki, after a severe fight, occupied Kiao Tung on July 19. The place had been fortified by the Russians, who defended it stoutly. In the fighting General Kuroki's troops drove the Russians from their strongly fortified position on Chi river, which is northwest of Motien pass and east of Anping, inflicting upon the enemy more serious losses than they sustained themselves.

The fight began on the 18th and ended on the 19th. The Japanese lost 424 men in killed and wounded. The Russian losses are estimated at 1,000.

General Kuroki began his advance early in the morning of the 18th. He uncovered and followed the enemy along the Chi river. The Russians seemed to be retreating to the northward, when suddenly two battalions with eight guns turned and attacked the Japanese advance guard vigorously. At this point the Japanese suffered before relief came, one company losing all its officers. At a late hour in the afternoon the Russian position was developed. They occupied an eminence on the banks of the Chi. This river guarded their left flank and high precipices protected the Russians on the right. The only approach to their position was through a narrow defile. The fighting continued until dark, when the Japanese forces bivouacked. The Russians made two counterattacks, but were repulsed in each case.

The Japanese renewed the attack at midnight, posting their artillery in the valley below and on the high ground to the south of the Russian position. The main Japanese body was assigned to attack the Russian center; a small detachment was sent to ward the right flank and another to watch the enemy's left flank. After these positions had been taken the fighting ceased for a time, but it was resumed at dawn. The Russians had thirty-two guns in action and they vigorously shelled the Japanese. To this fire the Japanese replied and the bombardment lasted for four hours. During this time the Japanese infantry moved forward, the flankers had succeeded in scaling the heights on the Russian right by 3 o'clock in the afternoon, at which hour the main force was ordered to storm the Russian center. The Japanese artillery protected this movement splendidly, but the infantry met with a severe fire and lost heavily in gaining the heights.

The final successful charge was delivered at 5:30 in the afternoon. The Japanese succeeded in partially cutting off the Russian retreat, and this soon became a rout. The enemy went in two directions, to the northward and to the eastward. The Russian forces engaged included in addition to the artillery seven battalions of infantry and a regiment of Cossacks. The enemy left 131 dead and 300 rifles on the field. The Japanese lost one officer and 54 men killed and 18 officers and 351 men wounded.

Will Give Up Ship.

St. Petersburg, July 23.—The steamer Malacca is at Suda bay, island of Crete, where under the agreement reached between Great Britain and Russia, she will be perfunctorily inspected jointly by the consuls of the two countries and released, together with her cargo, unless palpable contraband of war intended for the Japanese shall be found, in which case only the contraband will be held. British government stores on board the vessel will not be examined. From the very first the authorities here were convinced that the captain of the Russian volunteer fleet steamer St. Petersburg must have had good reason for seizing the Malacca as a prize whose report stated that the skipper of the ship refused to produce the ship's manifest, seems to have justified their confidence.

Dietz Will Arbitrate.

Hayward, Wis., July 23.—In the dispute between the Chippewa Lumber and Boom company and John Dietz, it has been decided to submit all differences to the grand master of the Masonic lodge of Wisconsin for settlement. Dietz claimed that the property on which the dam across the Chippewa river was built belonged to him and that he had a right to hold up the logs of the Chippewa Lumber and Boom company until the company paid toll. He barricaded himself in his home and was prepared to defend himself against all comers, even the officers of the law, with a shotgun. Posses tried in vain to arrest him, and even the aid of national guardsmen was unsuccessfully invoked.

O'Brien for Congress.

Chicago, July 23.—The Democrats of the ninth Illinois congressional district yesterday nominated Quinn O'Brien for congress.

STATE OF TRADE

Bradstreet's Review of Country's Business and Industries.

New York, July 23.—Bradstreet's weekly review of trade today says: Good progress by most crops strengthens belief in favorable fall trade following the present season of comparative quiet and inactivity. Among the industries quietness and even dullness is still the feature, but rather more is doing in the leather trade, foreshadowing later developments in the shoe business, and the production of iron and steel is being steadily curtailed, with a resulting firmer tone to pig-iron prices. Several basic industries still show little tendency to revive. Notable among these is soft-coal mining, which is very much depressed, and it is to be noted that demand for anthracite coal is not so active as heretofore.

The cotton goods industry, unsettled for more than a year past by erratic price movements and short time, now faces another disturbance in the threatened strike of Fall River print cloth hands. Railway earnings finished the fiscal year much better than earlier expected, and it is probable they will show the heaviest volume of gross and net ever recorded.

Warm weather helped retail trade as a whole and has facilitated bargain sales, which have been a feature at a number of cities.

Gorman Positively Declines.

New York, July 23.—The announcement from Washington that Senator Gorman had reiterated his declaration that he could not be chairman of the Democratic national committee has simplified the situation, according to the views of those who are earnestly urging Thomas Taggart of Indiana, and they express the belief that he will be unanimously chosen chairman by the national committee next Tuesday. When the latest declaration of Senator Gorman was communicated to Mr. Taggart yesterday he showed that the news was gratifying, although it coincided with his previous information. John W. Kern of Indiana expressed his satisfaction that the talk about Senator Gorman would now be set at rest and said that it removed any doubt about the choice of Mr. Taggart.

The Lithographers.

Chicago, July 23.—The Western Lithographic association at the closing session of their annual meeting here yesterday, elected the following officers and directors: President, C. H. Chandler, Detroit; vice president, C. B. Goes, Chicago; secretary and treasurer, Charles Conrad, St. Louis; board of directors, C. B. Goes, Chicago; W. N. Hall, Topeka, Kan.; L. H. Levy, Indianapolis; T. E. Cooty, Minneapolis; John Onwake.

Confederate Flag Displayed.

St. Louis, July 23.—The steamer Henry Hanley has arrived here from Nashville, Tenn., flying two flags, the Stars and Stripes and the Confederate flag. Before leaving Nashville a Confederate flag was brought on board and Miss Nannie Hanley, daughter of one of the steamer's owners, hoisted the flag, which is placed just below the American flag. Miss Hanley's father was a Confederate officer.

Steamer Destroyed.

Clayton, N. Y., July 23.—The Vizger company's excursion steamer Castanet, with 150 passengers on board, took fire below Kingston, Ont., at 3:30 yesterday afternoon. All the passengers were safely transferred to a passing steam yacht. Several of the crew were burned in fighting the fire, but there was no loss of life.

Notifiers to Meet.

Washington, July 23.—J. Fred Kelly of this city, District of Columbia member of the committee to formally notify Judge Parker of his nomination for president, received a dispatch yesterday saying that the committee would meet in New York Monday next.

A WONDERFUL INVENTION.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, '99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies 50c—(half while we are introducing them) The Dr. White Electric Comb Co., Decatur, Ill.

BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expelling the morbid, unhealthy matter which irritates the nervous system and breaks down the vitality of man and woman. In Bar-Ben are combined both the purifying and tonic properties that are necessary to restore health and strength to the broken down system. If you are nervous, irritable, restless, your heart jumps, your palpitations, your mind on your work, do not sleep well at night, have no appetite for food and no ambition, do not wait until you are lost forever, and begin taking it. You seek for some tonic, but the surest, your weakness will vanish.

Why Yorktown Is Gay.
Muncie, Ind., July 23.—A big strike of oil, the first in the western part of Delaware county, has been made by the Eureka company, near Yorktown. Last fall this company drilled a well and got a duster, and it was thought that Muncie marked the western limit of the field. However, the Eureka drilled again on the Williamson farm. The news spread like wild-fire in that part of the county, and leases have advanced triple the former price. The Eureka well is giving 360 barrels per twenty-four hours at present. Speculators from Muncie made a rush for the vicinity and work late into the night to get leases. An impromptu celebration was held on the streets of Yorktown.

To Vote for Roosevelt.
Kokomo, Ind., July 23.—D. A. Wood, a lawyer and lifelong Democrat, yesterday announced that he would vote the Republican ticket from top to bottom at the November election. He has stumped the state for the Democrats in every campaign for the last twenty years. Wood was an enthusiastic Bryan man, but the turning down of the leader led him to abandon the Democratic party.

Church Struck by Lightning.
Fort Branch, Ind., July 23.—Lightning struck the Cumberland Presbyterian church, a frame structure, and the building was destroyed by fire.

Where Washington Sat.
Russiaville, Ind., July 23.—The Washington library, recently established at this city, will make an effort to get possession of the chair owned by Michael McDaniel. The chair was brought to this county by an ancestor of Mrs. Mary Cobb, who died recently at the age of 102 years. The chair was frequently occupied by General George Washington during the revolutionary days.

Family Record For Length.
Muncie, Ind., July 23.—Ephraim Bullock, a well-known farmer, who died Wednesday, had the distinction of being the father of seven sons, not one of whom is less than six feet in height. All the sons are living. Bullock was seventy-five years old. He owned a number of farms in Delaware and Jay counties.

RESPECT FOR AGE

As Indicated by Gray Hair Strong In the Japanese Soldier.

ONE INDIANA WOMAN

Is Glad That It Is So—Arrested For Spy Gray Hairs Saved Her and Companions.

Thrilling Experience of Mrs. Mary Long, of Elkhart, in Korea.

Elkhart, Ind., July 23.—Mrs. Mary Lang Johnson was formerly a teacher in the schools of this city, but she has been in Korea for several years with her brothers, who are engaged in mining near Gensan. With the beginning of hostilities Mrs. Johnson and friends of her sex were ordered to Chemulpo, there to take the cruiser Cincinnati for another port. The trip to a friendly port was beset with many difficulties. Mrs. Johnson, en route, attempted to take a picture of the fortified terrace at Modji, a beautiful city, and she was arrested by the Japanese as a spy. She has a crown of snowy-white hair, out of keeping with her years, and the Danish captain of the little vessel, which was to take the refugees away, knowing the reverence which the Koreans and Japanese entertain for age, talked long and exaggeratedly of her years, extending them to a hundred, and finally secured her release.

The entire party was kept under guard for several hours, but finally a courier appeared waving an American flag. The sight of the banner caused all the Americans to shed tears. After this all members of the party were compelled to display the American colors at all times.

SIMMONS CONFESSED

Assailant of Little Girl Given Long Sentence on Plea of Guilty.

Washington, Ind., July 23.—Fred Simmons, colored, arrested for assaulting the thirteen-year-old foster-daughter of J. M. Jett, who has stoutly insisted that he was innocent until the present time, yesterday admitted that he was guilty of the crime, and he offered to enter a plea of guilty if the authorities would protect him until he was safely removed to prison.

Preparations were quietly made for his appearance in court, and it was arranged that a train should be in waiting for his immediate transfer to prison. The fact that he had confessed was carefully guarded and withheld from the public. A strong guard had been placed around the jail, the sheriff taking every precaution against surprise, as, during the long-range arraignment in the circuit court Thursday, when the defendant remained in jail and permitted an attorney to speak for him, numerous threats were made by friends of the injured girl, although there were no outward demonstrations.

Colombia's All Right Again.

Washington, July 23.—Colombia again is to come into full diplomatic relations with the United States and the Panama incident will be a closed matter between the two republics. The state department yesterday received a cordial letter from the Colombian minister for foreign affairs announcing that Dr. Thomas Herran had been given full letters of credit as Colombia's envoy at Washington. Dr. Herran for many years was secretary of legation here, and after the hurried exit of Minister Concha, was charge d'affaires until the legation was closed last winter as a result of the Panama affair. He signed with Mr. Hay the Hay-Herran treaty for the construction of the canal which the Colombian congress rejected. Dr. Herran is expected to return here in the autumn. When last heard from he was in Colombia with his family.

Parker to Be Told Next Month.

Buffalo, N. Y., July 23.—Norman E. Mack, Democratic national committeeman for New York, said last night that the notification of Judge Parker would not take place until some time between the 5th and 10th of August, the exact date to be fixed by Judge Parker. Mr. Mack said that possibly the confusion of statements might have some connection with the fact that the Democratic national committee has been called to meet on July 26.

Union Man Suicides.

South Bend, Ind., July 23.—After ten days' annoyance because of the awful odor, railway men searched the woods near St. Mary's academy and found the body of John Arnold, a member of the International Cigar-makers' union, suspended by the neck from the limb of a tree. The body was in a horrible condition. Union cards in his possession indicated that he had been employed at Geneva, N. Y.; Bridgeport, Conn.; Paterson, N. J.; and London, Conn. A copy of a Chicago newspaper bearing date July 4 was found in his pockets.

Forty years ago yesterday, Friday, occurred one of the greatest battles of the civil war, when the opposing forces met before Atlanta, Georgia. Many of Rush county veterans remember the date.

While driving near New Salem, yesterday afternoon, Bert Humes' horse which he was breaking became frightened at a passing automobile and ran away, throwing Bert into a nearby barbed-wire fence and badly cutting and bruising him about the face and arms. No damage was done to the buggy but the horse was slightly injured about the legs. Dr. Logan, of New Salem, dressed Humes' injuries and he is able to be about as usual today.

Alfred Hodge, of Walker township, who has been quite ill for some time and in ill health for many years, died at 9:30 a. m., today at his home, near Arlington.

Death of Mrs. Foster.

From the Palo Alto of July 15th, published in Palo Alto, California, we note an account of the death of Mrs. Margaret J. Foster. The account in part says:

After an illness of some nine months, Mrs. Margaret J. Foster died at the home of her daughter, Mrs. D. A. Curry, at two o'clock last Saturday morning. While in a way her death was expected, at the same time her demise was a hard blow to her relatives and many friends.

Mrs. Foster was born at Ruddell's Mills, Bourbon county, Kentucky, in July 1832. When three years of age the parents removed to Rush county, Indiana, where she grew to young womanhood. February 18, 1851, she was united in marriage with R. A. Foster, who survives her. Their married life began at Rushville, Indiana, where they resided until their children were old enough to enter college, when the family removed to Bloomington, Indiana, to give their children the best possible educational advantages. Of the three children born of their union, the oldest, a son, died at the age of six; a son, John Foster, has been connected with the Department of Labor at Washington, D. C., for the past thirteen years; and the only daughter, Mrs. D. A. Curry, of Palo Alto, survive her.

Of her own family there were seven sisters, three of whom are still living: Mrs. E. A. Green, the mother of Professor R. L. Green, of Stanford University; Mrs. Louise M. Thompson, of Palo Alto, and Mrs. Elliot, the wife of Rev. J. H. Elliot, of Winchester, Kansas.

Kealing in Town.

"Big Chief" Joseph Kealing was in the city today and was in close conversation with James Hemenway and Mr. Watson. The exact purport of his visit is not known, but it is safe to say it concerned Mr. Hemenway's candidacy for the Senate. Mr. Kealing predicts a victory in Indiana and said the party was never in better shape or more devoid of factional strife. Mr. Kealing returned to Indianapolis on the 2:30 this afternoon.

Destroying the Debt.

[Mishawaka Enterprise.]
Indiana under good Republican management is still paying off the State debt at a gratifying rapid rate. The State Finance Board has ordered \$250,000 of 3 per cent. bonds. This is the second big payment made since the beginning of 1904, as \$285,000 was paid in January. The total indebtedness of the State is now less than two million dollars—to be exact, \$1,902,615.12. Let well enough alone next November, and prudent Republican management will soon wipe out the entire balance.

Big Attorney's Fee.

At a meeting of the city council of Greenfield Wednesday evening the last of the allowances were made for legal fees in the case of the city vs. the Greenfield Gas company. The sum of \$700 was allowed to McCullough & Welborn, and \$450 was allowed to Eugene F. Bundy, of New Castle, for services rendered. The former had previously drawn \$200 on the same case, which makes a total of \$1350, one of the biggest fees the city has ever had to pay its attorneys.

World's Biggest Tree.

W. H. Hart, a well known lumber mill man in California, claims to have found a giant sequoia measuring 36 feet in diameter and 100 feet around. This is said to be the largest tree on earth. Hart says the tree is in Eshom Valley, Tulare county, in a secluded gulch near one of the mills. The mammoth, he figures, is 400 feet in height or more than twice as high as the power house smoke stack in Rushville.
